### **The City of Bloomington Utilities Issues Precautionary Boil Water Advisory Following Water Main Break Repair**

The City of Bloomington Utilities has issued a precautionary boil water order advisory for its customers at the **Oakdale Square** and **Hidden Hills** apartment complexes, following the repair of a water main break Thursday evening, November 5, on South Oakdale Drive.

These customers are advised to boil drinking water for 5 minutes prior to consumption until further notice. Additionally, customers are advised to flush their systems by running cold water through all fixtures, including the washing machine until the water runs clear. Tap water is okay for washing/bathing.

A public advisory will be issued through local media outlets when the precautionary boil water order is lifted. The City of Bloomington Utilities will also announce the lifting of the precautionary boil water advisory on its web page at [Bloomington.in.gov/utilities](http://Bloomington.in.gov/utilities). For more information, customers of the City of Bloomington Utilities can call 812-339-1444.
